### July's Eagle Harbor Cruise

"We are hosting the cruise to Cypress Island on July 26 - 27. The destination will be Eagle Harbor, come for the day or for the weekend as your schedule allows.

Sharon and I will get there on Thursday afternoon and will greet you when you arrive. We will monitor the radio from 0900 on every day. Do not look for the "Velveteen Rabbit" but look for us on our new (to us) Grand Banks 36 Europa "Sirena".

We are planning a social gathering for Saturday afternoon and a hike on Sunday. Depending on the number of boats that come, we will have a potluck meal Saturday either on board or on the beach. Sunday we will hike to Eagle Bluff after breakfast, if the resident eagles have fledged their young!

Any questions can be sent to us at [rob\\_wells@comcast.net](mailto:rob_wells@comcast.net) or call 676-6291. It would be very helpful if we had a count of the number of boats planning to attend. RSVP to us if you plan to be there."

BTW, the capnrob email address is no longer active please use the address above and update your address books and mailing lists.

### Super Sunny Salubrious Sailing aka the June Sucia Cruise

The weekend of June 14 and 15 found the crews of Islander and Shag anchored in Echo Bay, enjoying fine weather for hiking, AND for viewing an incredibly acrobatic air show! While we sat on the warm sand of Echo Bay after an extensive walk, two small stunt planes performed barrel rolls, vertical stalls, back flips, loop-d-loops, free falls especially for us, and much to our delight!

We hosted and toasted each other aboard Islander for a scrumptious pot luck, and savored the warm evening from the cockpit, with gentle breezes and a rising moon.

Sunday morning saw Shag stealthy sail out, while the crew of Islander smugly snoozed ("don't wake us up!"). And once again, sailing was stupendous.....

## AUGUST 9, 2008 Styrofoam Regatta at Spencer Spit

The Styrofoam Regatta will be a joint cruise with the Squalicum Yacht Club. We will be providing the necessary components to construct a Styrofoam sailboat. You must use all of the components that come with the kit. You will have approximately one hour to construct a sailboat. The only other materials you can use besides what is provided is duct tape. Be sure to have some available. We would like to know in advance if you planning on attending so we will have enough kits. Each person on your boat can participate with a boat of their own, children included. A race will be held at approximately 3 p.m. And potluck and awards ceremony at 6.

Further information and rules will be provided in the kit. This is CYCs 5th time doing the Styrofoam Regatta and the 1st time we will be doing it with Squalicum Yacht Club. We would like to know by August 1st if you planning on attending and how many kits you will need. If you would like your kit prior to leaving, which would help us out, we can make arrangements to do this. You will receive an email reminder the middle of July.

- September Board Meeting . . . September 2nd
- September General Meeting . . .September 16th

## 4th of July Raft-up In Chuckanut Bay

Thanx, Shag, Pinch, True Love II, Islander, At Last and Moonlight spent the afternoon rafted up in Chuckanut Bay. As always, travelling from boat to boat there was an abundance of good food had and stories told. The raft broke up at about 8:00 pm as all but Shag (who spent the night at anchor) returned to Squalicum Harbor to enjoy the wonderful evening of fireworks.
